Dividend and interest income earned

For purposes of this statement, taxability of interest and dividend income has been determined from a US tax reporting perspective. Based upon the residence of the account holder, account type, or product type, some interest and/or dividend payments may not be subject to United States (US) and/or Puerto Rico (PR) income taxes. The client monthly statement is not intended to be used and cannot be relied upon for tax purposes. Clients should refer to the applicable tax reporting forms they receive from UBS annually, such as the Forms 1099 and the Forms 480, for tax reporting information. It is the practice of UBS to file the applicable tax reporting forms with the US Internal Revenue Service and PR Treasury Department, and in such forms accurately classify dividends and/or interest as tax exempt or taxable income. Please consult your individual tax preparer.

Municipal securities

Prices are obtained from independent quotation bureaus that use computerized valuation formulas to calculate current values. Actual market values may vary and thus gains/losses may not be accurately reflected. Cost basis has been automatically adjusted for mandatory amortization of bond premium

on coupon tax-exempt municipal securities and for accreted original issue discount for securities issued at a discount. When original cost basis is displayed, amortization has been done using the constant yield method, otherwise amortization has been done using the straight line method.

Realized gains and losses

The estimated realized gains and losses shown below are not for tax purposes. Please note that gain or loss recognized on the sale or redemption of certain Structured Products, like Contingent Debt Securities, may be ordinary, and not capital, gain or loss. Please check with your tax advisor. To calculate gains and losses, we liquidate the oldest security lot first. This is known as the first-in, first-out or FIFO accounting method. We use this method unless you specified which tax lot to close when you placed your order. This is known as a versus purchases or VSP order. See *Important information about your statement* at the end of this document for more information. We may not adjust gains and losses for all capital changes.

We automatically adjust cost basis for tax-exempt and AMT coupon municipal securities for estimated amortization of bond premiums and for accreted OID for securities issued at a discount. If you requested that UBS adjust cost basis for the bond premium amortization on taxable debt securities then cost basis reflected for these securities has been adjusted. Estimates in the *Unclassified* section can not be classified as short term or long term because information is missing, or the product is one in which the gain/loss calculation is not provided.

UBS Bank Deposits

Cash on deposit at UBS Bank USA (the "Bank") through the UBS Deposit Account Sweep Program is deposited by the Firm, acting as your agent, at the Bank. The Firm, as your agent, maintains control over the deposit accounts established on your behalf with the Bank. Cash on deposit at the Bank is protected by the FDIC up to \$250,000 per depositor in accordance with FDIC rules. On October 3, 2008 FDIC deposit insurance temporarily increased from \$100,000 to \$250,000 per depositor in the aggregate (including principal and interest combined) through December 31, 2009. FDIC insurance coverage changes will apply to funds sweeping into UBS Bank USA under the program offered through the Resource Management Account® (RMA®), Business Services Account BSA® and Basic Investment Accounts. Further information regarding

current yields on the Bank deposits, and important disclosures regarding the Deposit Account Sweep Program and alternatives to that Program, are available at www.ubs.com/sweepyields. More information regarding FDIC insurance is available upon request, or by visiting the FDIC website at www.FDIC.gov. Deposits at the Bank are not guaranteed by the Firm or any affiliate of the Firm, and are not protected by SIPC (see "UBS Financial Services Inc. Account Protection" below).

UBS Financial Services Inc. Account protection

The Firm is a member of the Securities Investor Protection Corporation (SIPC). SIPC provides protection for your account(s) at the Firm for up to \$500,000, including \$100,000 for claims of cash in the unlikely event that the Firm fails financially. The SIPC asset protection limits apply to all accounts that you hold in a particular capacity. For example, if you have two accounts at the Firm where you are the sole account holder and a third account where you are a joint account holder, the two accounts are protected under SIPC up to a combined \$500,000 (not \$500,000 each), and the joint account is protected under SIPC separately for \$500,000. The Firm, together with certain affiliates, has also purchased supplemental protection. The maximum amount payable under the policy is \$600 million. Subject to this policy limit, cash at the Firm is further protected for up to \$1.9 million in the aggregate for all your accounts held in a particular capacity at UBS Financial Services Inc. The SIPC protection and the supplemental protection both do not apply to (a) certain financial assets controlled by (and included in your account value) but held away from UBS Financial Services Inc. (e.g., certain (i) cash at UBS Bank USA (see "UBS Bank Deposits", above), (ii) insurance products, including variable annuities, and (iii) shares of mutual funds where such shares are registered directly in the name of the account holder on the books and records of the applicable issuer or transfer agent); (b) certain investment contracts or investment interests (e.g. limited partnerships and private placements) that are not registered under the Securities Act of 1933; and (c) commodities contracts (e.g., foreign exchange and precious metal contracts), including futures contracts and commodity option contracts. The SIPC protection and the supplemental protection do not apply to these assets even if they otherwise appear on your statements. The SIPC protection and the supplemental protection do not protect against changes in the market value of your investments (whether as a result of market movement, issuer bankruptcy or otherwise). More information is available upon request. You may obtain more information about SIPC, including the SIPC Brochure, by contacting SIPC at (202) 371-8300 or by visiting the SIPC website at www.sipc.org. UBS Financial Services Inc. is not a bank. Unless otherwise disclosed, securities and other investments held through UBS Financial Services Inc. ARE NOT FDIC-INSURED, ARE NOT BANK GUARANTEED, AND MAY LOSE VALUE.

International Deposit Account ("IDA")

IDA is an interest-bearing account maintained by UBS AG, UBS Financial Services Inc.'s parent company, at the Cayman Island Branch where the uninvested cash in the client's International Resource Management Account ("IRMA") is automatically "swept" or invested on a daily

basis. These automatic deposits made into the IDA are not guaranteed by UBS Financial Services Inc., nor insured by FDIC.

Dividend Reinvestment Program ("DRIP")

The price reflected is an average price and the actual price may be obtained from your Financial Advisor. Only whole shares are purchased under DRIP; partial shares will be sold and the cash credited to your account. There may be a small difference, positive or negative, between the dividend reinvestment price supplied by the issuer and the market price at which the partial shares are sold.

Cash-in-lieu

Only whole units may be held in your account. If you are entitled to a partial unit as a result of a dividend payment or otherwise, the Firm will either sell whole units at market price or accept an amount determined by a registered clearing agency, and credit your account in cash.

Investment objectives

The investment objectives you select reflect the overall goals you have for this account and apply to the whole account, not to specific investments within the account. Please advise the Firm promptly in writing of any significant change in your financial situation or investment objectives. For each account held, you choose one return objective and primary and, if applicable, secondary risk profile. The following lists the alternatives.

Return objectives

Current income - Investments seeking generation of income.

Capital appreciation - Investments seeking growth of principal rather than generation of income.

Current income and capital appreciation - Investments seeking both generation of income and growth of principal.

Risk profiles

Conservative - Seeks securities most likely to preserve principal with low risk.

Moderate - Seeks greater potential returns; willing to accept higher risk of loss of principal.

Aggressive/Speculative - Seeks potential for significant appreciation; willing to accept high degree of risk of loss of principal.

Statement "Householding"

As a convenience to you, in some instances we may consolidate all related account statements with the same address in the same envelope. Accounts may be related for this purpose because they have owners who also maintain joint account relationships with other clients at the same address. This practice is known as "householding." If you do not wish to have all of your statements bundled together - that is, you prefer to receive individual statements mailed in separate envelopes - you may decline householding by calling your Financial Advisor at the toll-free number listed on your account statements.

Friendly account name

The Friendly account name reflects information that you provided to us on the Firm's online services website. It is customizable "nickname" chosen by you to assist you with your recordkeeping processes. It has no legal effect and does not impact the official legal status of your

account. Your Financial Advisor(s) does have access to your Friendly account names. If you would like to change any of your Friendly account names, please contact your Financial Advisor or access your account information online.

Any securities transferred to the Firm during the statement period are listed at market value as of the end of the statement period. In determining the cost basis of the securities included in this statement, where indicated with the number "1," UBS Financial Services Inc. has relied on information obtained from sources other than UBS Financial Services Inc., including information from another firm or that you may have provided to your Financial Advisor. The Firm does not independently verify or guarantee the accuracy or validity of any information provided by sources other than UBS Financial Services Inc. In addition, although UBS Financial Services Inc. generally updates this information as it is received, the Firm does not provide any assurances that the information under "Cost basis" and "Unrealized gain/loss" is accurate as of the date of this statement. As such, you should not rely on this information in making purchase or sale decisions, for tax purposes or otherwise. Accounts transferred to the Firm will reflect gain/loss information only for the period of time they are held at the Firm. More historical information can be added by your Financial Advisor.

Important information about your statement (continued)

- **Callable securities.** Bonds and preferred stock that the issuer calls for early redemption will be selected impartially by lot from among all securities of that issue held in our name or in nominee name for our clients. Call feature information is obtained from third parties and its accuracy is not guaranteed. Other call features may exist which could affect yield; complete information will be provided upon request.
- **Certificates of Deposit (CDs).** CDs are FDIC insured up to \$250,000 in principal and accrued interest per depositor and per depository institution, in accordance with FDIC rules. On October 3, 2008, FDIC deposit insurance temporarily increased from \$100,000 to \$250,000 per depositor in the aggregate (including principal and interest combined) through December 31, 2009.
- **Price/Value.** The closing prices and/or mean bid and ask prices of the last recorded transaction of all listed securities, options and OTC NASDAQ securities, when available. Less actively traded securities may be priced using a computerized valuation model and may not reflect an actual market price or value. This information is obtained from third parties and its accuracy is not guaranteed. Restricted securities generally are not eligible for public sale. For certain securities trading in non-conforming denominations, pricing and/or quantity (face value) may have been adjusted to facilitate proper valuation. For purposes of this statement, the Firm uses the market prices of the unrestricted stock of the same issuer as an imputed value for the restricted stock. This imputed value may be substantially less than the actual prices received if these securities are resold or surrendered. All CD prices are derived using a computerized valuation model and therefore represent an estimated market value. Values presented for insurance products are provided by the insurance company or sponsor (sources considered reliable). The accuracy is not guaranteed. Surrender charges may apply. Deposits or securities denominated in currencies other than U.S. dollars are reflected at the exchange rate as of the statement date. Prices may or may not represent current or future market value. To obtain current quotations, when available, contact your Financial Advisor.
- **Private Investments and Structured Products.** Private investment securities and structured products generally are highly illiquid. Certain structured products have not been registered with the Securities and Exchange Commission or under any state securities laws. We are providing estimated values for private investment securities and structured products for informational purposes only. Accuracy is not guaranteed. These values may differ substantially from prices, if any, at which a private investment security or structured product may be bought or sold and do not necessarily represent the value you would receive upon liquidation. Third party estimates of value are as of a certain date and are supplied to UBS Financial Services Inc. by an independent valuation firm. Issuer, general partner or sponsor estimated values, if any, are supplied to the Firm by the issuer, general partner or sponsor and may be calculated based on different information from that used by third parties to derive their estimated values. Both

third party and issuer, general partner or sponsor estimated values, where available, are generally updated on a regular (monthly, quarterly, annual or semi-annual) basis. You can obtain additional information regarding the methodology used to determine the estimate of value and the date of the information which is the basis for the estimate by calling (800) 320-9951 from within the U.S.; for calls from outside the U.S. please call collect at (201) 272-7383. Third party estimated value may be reflected as "Not priced" in several situations: when an independent valuation firm has not supplied or is unable to assign any such value, when we become aware that a material event has occurred which may call a previously reported value into question, or when a value would be highly speculative due to the nature of the security. In any instance where neither an issuer, general partner or sponsor estimated value nor a third-party estimated value is provided, the value of the security will be different from its purchase price. "Distributions to date" may include return of capital, income or both. "Original unit size" represents the initial offering price per unit and may not reflect your cost basis.

- **Restricted securities.** Restricted securities generally are not currently eligible for public sale. UBS Financial Services Inc. includes restricted securities in your account value for illustrative purposes only. UBS Financial Services Inc. uses the market price of the unrestricted stock of the same issuer as an imputed value for the restricted stock *for purposes of this statement only*. To the extent that restricted securities are eligible for sale, actual current prices received on the resale or surrender of the restricted securities may be substantially less than the imputed value.
- **Est. (estimated) income.** Estimate of annual income based on current dividend and interest rates, assuming the securities will be held for one year from statement date or until maturity. This estimate is only a guideline; accuracy and continued income are not guaranteed.
- **Current yields and Rates.** An estimate of annualized income (dividend and/or interest) divided by the current market value/average balance. This estimate is based on the last dividend or interest payment made by the issuer and assumes the securities/deposits will be held for one year from the statement date or until maturity; accuracy and continued yield are not guaranteed. Information regarding current yields and rates payable on the available money balances (including bank deposits and money market mutual funds) can be viewed at www.ubs.com/sweepyields or obtained by contacting your Financial Advisor or calling 1-800-762-1000.
- **Assets not held by UBS Financial Services Inc.** Certain assets are not held by the Firm and not within the Firm's possession or control. As indicated on the front of your statement, these assets are displayed on your statement for informational purposes only. Positions and values presented are provided by the issuing firm, and the Firm is not responsible for this information, nor guarantees its accuracy. These assets are not protected by the Firm's SIPC coverage.
- **Revenue Sharing and Additional Compensation.** In addition to commissions on sales and 12b-1 fees

received in connection with the distribution of mutual funds to our clients, we receive revenue sharing payments from distributors and/or advisors of the mutual funds that we sell. These amounts are based on two different components: (i) the amount of new sales of the mutual funds of a particular fund family; and (ii) the amount of mutual fund assets of that particular fund family held by our clients. We also receive networking fees in consideration for transfer agent services that we provide to the mutual funds. These fees generally are paid from investor assets in the mutual fund and are a fixed dollar amount based on the number of accounts at the broker-dealer holding mutual funds of that fund family. In addition to commissions received in connection with the sale or distribution of annuity contracts and unit investment trust units to our clients, we receive revenue sharing compensation from many of the insurance companies underwriting the annuity contracts, affiliates of the insurance companies or sponsors of the unit investment trusts we distribute. Our affiliates also receive trading commissions and other compensation from mutual funds and insurance companies whose products we distribute. We receive from UBS Bank USA a fee of up to .50% per annum of amounts deposited with UBS Bank USA under the bank deposit account sweep program.

- **Unrealized gains/losses.** When data is available, estimated unrealized gains/losses are calculated for individual security lots. The transaction data for individual lots may or may not reflect commissions, charges, and/or security reorganization events. Dividend and other reinvestment lots and systematic purchase lots are each combined to display one averaged lot. The "Trade date" column presents the original transaction trade date.

Activity

Trade commissions and charges appear on confirmations. Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included on confirmations previously furnished to you, and will be provided to you on request.

Open orders

Open or "good until cancelled" orders that were not executed by the statement date. Open buy and sell stop orders are reduced by the amount of dividends or rights on ex-dividends or ex-rights date unless instructed otherwise by you. You are responsible for orders that are executed due to your failure to cancel existing open orders.

Although all figures shown are intended to be accurate, statement data should not be used for tax purposes. Rely only on year-end tax forms, (i.e. form 1099, 5498, 1042S, etc.) when preparing your tax return. The Firm is required by law to report to the IRS all taxable dividends, reportable non-taxable dividends and taxable interest earned on securities held in your account, and net proceeds on sale transactions.

Foreign Transactions

American Express converts transactions in foreign currencies into U.S. dollars. Unless a particular rate is

required by applicable law, the conversion rate used by American Express is a wholesale interbank rate selected on the business day prior to the day on which the transactions are processed by American Express, increased by 1.5%. The currency conversion rate used on the conversion date may differ from the rate in effect on the date you used your UBS American Express Card. If you are a UBS Select American Express Cardholder, and you use your UBS American Express Card or account to effect a transaction with a party located outside of the United States, the Card Issuer will charge a Foreign Country Transaction Fee of one-half of one percent (0.50%) of the U.S. dollar amount. The Card Issuer's Foreign Country Transaction Fee is calculated after the conversion process discussed in the previous paragraph.

Tax Withholding on Distributions from UBS Financial Services Inc. IRAs

Federal tax law requires UBS Financial Services Inc. to withhold income tax from your taxable IRA distribution(s), but you may elect NOT to have income tax withheld or instead you may elect to have tax withheld at a rate or in a fixed amount as you choose. Your election will remain in effect until revoked by you. You may revoke your election at any time by making a new election. If you do not have enough income tax withheld from your distributions, you may be responsible for the payment of estimated tax. You may incur penalties if the amounts withheld and your estimated tax payments are not equal to your tax obligation.
